FOR IMMEDIATE RELEASE

April 19, 2019

**Washington, D.C.** - Today, the Enlisted Association of the National Guard of the United States (EANGUS) is proud to offer its full support of the *College Transparency Act* (CTA). This truly bipartisan bill will provide the vital information that our Veterans need to make informed decisions for their academic careers. EANGUS applauds the efforts of Senators Cassidy and Warren and their continued commitment to serving students and Veterans.

The Enlisted Association of the National Guard believes that the more informed a Student Veteran is, the better the decisions they will be able to make. The *College Transparency Act* will ensure that all students, including Student Veterans, have the information they need to choose which institution best meets their educational goals. EANGUS's new initiative that is solely focused on issues that affect Veterans in higher education, The Veterans Education Project (VEP), has been working closely with Senator Cassidy and offering any necessary help his office may need. Senator Cassidy said, "I appreciate Veterans Education Project's support for *The College Transparency Act*, which will give student veterans the information they need to make the best choice for their future."

The Enlisted Association of the National Guard of the US calls on the US Senate to follow Senator Cassidy's and Senator Warren's lead and pass this important piece of legislation.

EANGUS works to advance the interests of over a million Soldiers, Airmen, their families, retirees, and survivors. Reflecting the spirit of America in over 3,000 communities across the nation, the men and women of the National Guard serve to defend their nation from threats abroad as well as to respond to natural and manmade disasters in their home state.
