

The Honorable Chuck Grassley  
United States Senate  
135 Hart Office Building  
Washington, D.C. 20510

April 03, 2023

Dear Senator Grassley,

On behalf of the undersigned, which represent the interests and concerns of well over one million members of the Uniformed Services, their family members, retirees, and survivors, we thank you for remaining undaunted in the pursuit of justice and accountability for the Department of Veterans Affairs. In Congressional testimony and letters to various Agencies, the Veterans Education Project and other members of the Veteran Service Organization community have echoed your concerns regarding the conduct of the previous Under Secretary for Veterans Benefits Administration, as well as the possible retaliatory actions taken against VA whistleblowers by the department. We also support your calls for full transparency and cooperation with the OIG investigations. We stand with you in demanding answers from the department, so that it can be an organization that Veterans can trust through-and-through.

We call on VBA leadership to respond quickly to your inquiries, so that the hold will be resolved quickly and the work of the Under Secretary can continue without interruption. During the time following the COVID-19 pandemic and the significant regulatory changes recently made to GI Bill benefits, institutions of higher education and veteran students require sustained and consistent support and guidance from Veterans Benefits Administration. Due to the current lack of leadership, we are concerned that veterans may experience delays in or entirely lose access to benefits critical to their, and their families', economic and postsecondary success. Such delays in payments or sudden cancelation of benefit eligibility is not unprecedented in a weak VA. With the massive recent changes to the regulatory environment of postsecondary education and veterans' benefits, veteran students and institutions of higher education need the department to be operating at its full strength.

We thank you for your commitment to our nation's veterans and your continued oversight of the institutions meant to serve and care for them and their families. We look forward to working with your office to gain the accountability our Veterans deserve.

Sincerely,
